

Majestic | 8000 | 8005

Aboveground pool step

The Majestic has all the features to meet your expectations.

The Majestic with one handrail and deck support is a sturdy and spacious aboveground pool step. Easy to install, its "wedding cake" style is ideal for relaxing in the sun. With step cups and a front-loading ballast.

With the Majestic, you have the option of a PVC handrail and deck support in the 8000 model, or of a rotomolded handrail and deck support in the 8005 model.

- Easy to install
- Choice of white LED lights or colors, Bluetooth-controlled

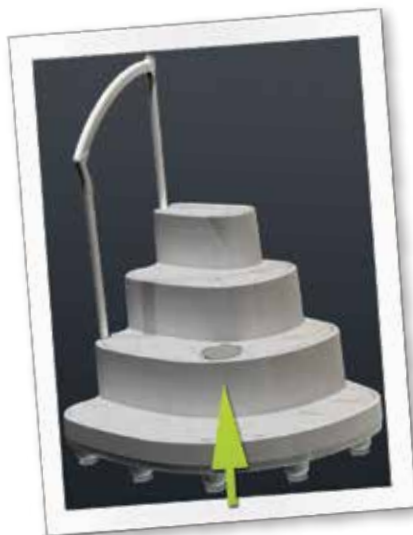

Majestic | 8000 | 8005

Aboveground pool step

FEATURES:

- Increased stability, facilitates entry and exit of the pool.
- Mounting pads lift bottom of the step away from the liner to allow true, complete water flow; the most effective system to avoid potential algae formation.
- Outstanding resistance to UV rays.
- Slip-resistant texture

* Classic Ladder 6004 optional. Non regulatory in Quebec.

Front-loading counterweight system

The simple, removable counterweight offsets flotation and makes winterizing easy. Step cups provide additional stability, help secure the step at the bottom of the pool, and maximize liner protection against stress or abrasion.

Majestic Combo

OPTIONAL: CLASSIC LADDER | 6004

- Great stability ensured by supporting straps
- Adjustable system for pools 48" to 54"
- Flip ladder equipped with a safety lock
- Designed for use with the Majestic 8000 step on an aboveground pool without a deck

*Non regulatory in Quebec.
